## ***INTRO 1***

### ***VERSE 1***

She was secretly a sweetheart  
I was making mistakes for two  
She was a pizza party  
I was the charge that didn't go through

She was my favorite movie  
I was halfway down the drain  
She danced like a shadow  
I was the sun  
And she was a walk in the rain

### ***CHORUS 1***

A walk in the rain

## ***INTRO 2***

### ***VERSE 2***

I was hardly worth the effort  
She was every school boy's dream  
I was the hole all her change fell through  
And she was mint chip ice cream

She was all three of my wishes  
I drifted over the center lane  
She was twice everything I never had  
I was the sun  
And she was a walk in the rain

### ***CHORUS 2***

A walk in the rain

## ***BRIDGE***

### ***VERSE 3 (SOLO)***

### ***VERSE 4***

She was hiking in the mountains  
I was a scratch on something new  
She was seashells on the beach  
I was the thing you never do

She was a new pair of boots  
I was a disconcerting pain  
I thought she was my golden ticket  
But I was the sun  
And she was a walk in the rain

### ***CHORUS 3***

A walk in the rain (x3)
